In addition, known cases when used to remove epoxy based finishes can cause chemical reaction, also resulting in an allergic reaction to the eyes. If an allergic reaction occurs (haze or halo in vision) discontinue use. Move to a well ventilated area. Apply allergy drops to eyes. Seek medical attention if symptoms persist.

SECTION 5: Fire-Fighting Measures

Suitable Extinguishing Media Use carbon dioxide, all purpose dry chemical, water, water fog, or chemical foam; polymer foam is preferred for large fires. Product is not considered flammable or combustible by WHMIS/OSHA criteria.

Hazards Developed due to Fire None known

Advice for Firefighters Firefighters should wear self-contained breathing apparatus. Floor may become slippery if material is released, caution is advised.
